- (7) A habilitated person shall be elected as a scientific supervisor of a doctoral student.
- (8) The supervisor together with the doctoral student prepares an individual plan for training and work, which is discussed at an (extended) meeting of the sector / research group and approved by the Scientific Panel.
- (9) At the end of each year of the doctoral student's training the Scientific Panel shall accept the implementation of the individual plan.
- (10) The topic of the dissertation is proposed by the doctoral student and his / her research supervisor. After discussion by the (extended) composition of the sector / group, the topic is approved by the Scientific Panel.
- (11) The Scientific Panel may adopt a change in the topic exceptionally and not later than 6 months before the end of the doctoral term. The request for change is approved by the sector / group with the consent of the supervisor, after which it is submitted for approval to the Scientific Panel.
- (12) The doctoral student may request a change of his / her supervisor with a reasoned statement before the Scientific Panel.
- (13) The research supervisor may request to resign from the scientific management of the doctoral student in case of systematic non-fulfillment of the obligations by the doctoral student with a reasoned statement before the Scientific Panel.
- (14) For conducting examinations, doctoral minimums, the director appoints a commission of 3 habilitated persons, which includes the scientific supervisor.
- (15) The scientific supervisor may not be chairman of the commission.
- (16) The proposal for the composition of the commission shall be made by the head of sector / research group at least 15 days before the date of the examination.
- (17) The order shall be issued at least 1 week before the date for conducting the examination.
- (18) The doctoral student annually presents for discussion to the sector / group the results of his/her dissertation work.
- (19) Before the end of the preparation period, the doctoral student shall submit a report on his / her results to the sector / research group to which he / she is assigned.
- (20) A doctoral student who fails to submit within the term under para. 19 report on the results achieved by him/her before the sector / group, to which he/she is assigned, shall be deducted without the right of defense by order of the director.
- (21) Doctoral students have the right to interrupt their studies for valid reasons within one year, and for maternity - up to two years. The interruption of the doctoral studies is carried out after the submission of a motivated letter, which is considered by the Scientific Panel of the Institute.
- (22) The supervisor gives a written opinion on the work of the doctoral student during the year to the sector / research group and submits it to the Scientific Panel.
- (23) The sector / research group gives an opinion on the implementation of the

individual curriculum and an assessment of the doctoral student's activity during the year.

(24) The sector / research group makes annual recommendations for the further development of doctoral studies.

Art. 4a (1) The admission and training of specialists in the Institute of Art Studies is carried out in accordance with the Rules of the TC and the Academy of Sciences at the Bulgarian Academy of Sciences.

(2) A person with at least an educational and scientific degree of doctor may be enrolled as a specialist in the Institute of Art Studies.

(3) The training of specialists shall be done by a decision of the Scientific Panel, upon proposal of the sector/research group.

(4) Scientific Panel shall elect a person with scientific degrees and an academic position in the respective specialty as a consultant to the specialist.

(5) The trainee shall become a member of the plenary composition of the sector/research group, in which his/her consultant is a member, for the duration of the training.

(6) The consultant together with the trainee prepares an individual plan for training and work, which is discussed and adopted by the (extended) staff of the sector /research group and is provided for information to the Scientific secretary and the Chairman of the Scientific Panel.

(7) At the end of the specialization the Scientific Panel shall accept the reports for the conducted training and work of the consultant and the trainee. Based on them, the Scientific Panel decides whether to issue a certificate of specialization.

Chapter Four

DEFENSE OF DISSERTATION WORKS FOR OBTAINING THE EDUCATIONAL AND SCIENTIFIC DEGREE DOCTOR AND THE SCIENTIFIC DEGREE DOCTOR OF SCIENCE IN INSTITUTE OF ART STUDIES

Art. 5. (1) The finished dissertation is officially submitted to the Administrative Services Department by a decision of the sector /research group, at the suggestion of the supervisor.

(2) After the official submission of the finished dissertation, the Institute of Art Studies is obliged to organize internal defense within one month.

(3) The procedures for defense of a dissertation for the educational and scientific degree of Doctor and of a dissertation for the scientific degree of Doctor of Sciences shall begin with preliminary defense of a project of the work and of the author's abstract before the sector /research group. The sector / research group assesses

whether the dissertation work meets the minimum requirements of BAS and the requirements adopted by the Scientific Panel of the Institute.

(4) At a meeting under Par. 3, at least 5 habilitated persons are present in a doctor procedure and at least 7 in a doctor of science procedure, specialists in the field of the dissertation and / or in a related field, of which at least 3, respectively 4, are professors or doctors of sciences.
